POOL PAL 400 ALGAECIDE

ACTIVE INGREDIENT:

Alkyl* dimethyl benzyl ammonium chloride (*C₁₄ 60%, C₁₂ 25%, C₁₆ 15%) 10.0%

OTHER INGREDIENTS: 90.0%

TOTAL: 100.0%

**KEEP OUT OF REACH OF CHILDREN
DANGER**

See [side] [back] panel for first aid and precautionary statements

This product is efficient, economical and stable in use dilution. It is compatible with most chemicals used in pool water and will not damage tile, concrete, metal or plastics. Do not pre-mix with any foreign material, such as soap or other chemicals before application. This product works best when added [in several places] by itself directly to pool water with the pump running. Wait 15 minutes before entry of swimmers. Pools with heavy growth of algae should be cleaned prior to using this product. Keeps pool water clear of visible algae and unsightly deposits. It improves filter operation and reduces the need for other chemicals.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

INITIAL APPLICATION: Add 1 gallon per 50,000 gallons of pool water.

MAINTENANCE DOSE: Add 32 ounces per 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, use this dosage every 5 days or as necessary.

BOOSTER DOSE: Immediately after every rain, add one quart per 50,000 gallons of water.

[WINTER DIRECTIONS:

For pools that have been properly maintained during the swimming season and are free of visible algae, add 16 ounces per 10,000 gallons of water. For pools that have some visible algae growth at the end of the swimming season, add 64 ounces per 10,000 gallons of water. Be sure to circulate the water for 2 to 4 hours prior to closing.

For best results, the mixture should be distributed equally around the edge of the pool with the filter running and the pH and chlorine levels in the acceptable range.

IMPORTANT: Follow all directions even when pool is not in use.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

DANGER: CORROSIVE. Causes irreversible eye damage and skin burns. **DO NOT** get in eyes, on skin or on clothing. Wear protective eyewear (goggles, safety glasses or face shield), protective clothing and protective gloves (chemical resistant or rubber gloves). Harmful or fatal if swallowed, absorbed through the skin, or inhaled. **DO NOT** breathe vapor. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

**FIRST AID:**

If in Eyes: Hold eyelids open and rinse slowly with water for 15-20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give any thing by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

NOTE to Physician: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

IN CASE OF EMERGENCY CALL: 1-800-654-6911.

{Environmental hazards statement for end-use products in containers <5 gallons (liquid) or < 50 pounds (solid, dry weight.)}

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and other aquatic organisms.

Environmental hazards statement for end-use containers > 5 gallons:

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of National Pollutant Discharge Elimination Systems (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

{Nonrefillable container - Household/Residential use – 5 gallons or less}

[Keep this product dry in tightly closed container away from persons and children unfamiliar with its use. Store in cool, dry, well-ventilated area. Keep away from heat or open flame.

Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If not, discard in trash.]

{5 gallons or less Nonrefillable container-Commercial Use}

Do not contaminate food or feed by storage or disposal.

Pesticide Storage: Keep this product dry in tightly closed container away from persons and

children unfamiliar with its use. Store in cool, dry, well-ventilated area. Keep away from heat or open flame.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Triple rinse as follows: Fill container 1/4 full with water and recap. Shake for 10 seconds. Empty the rinsate into the application equipment or mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.
